TCU-3002 – The Craftsman Picnic Table Set

Black powder coated steel gabion bases with saman solid wood table and bench tops

Dimensions:

Table:

Craftsman Gabion Bases – (2) 18" BW x 8" TW x 30" H

Saman Wood Top – 72" L x 30" W x 1.5" H

Bench:

Craftsman Gabion Bases – (2) 14.5" BW x 8" TW x 18" H

Saman Wood Top – 72" L x 12.5" W x 1.5" H

Material:

The Craftsman Picnic Table Set is constructed with 1/8" carbon steel and 0.135" steel mesh panels. The mesh panels feature 2" squares. The bases feature corresponding steel brackets to securely anchor the wood tops to gabion bases. The bases are assembled with included weather resistant hardware using Gabion Guys patented bolt together modular system. The table and bench top are saman solid wood with two live edges.

Finish:

The carbon steel is electro-plated, and powder coated with a black, fade-resistant powder coating.

Assembly:

The Craftsman Picnic Table Set requires some assembly with the included weather resistant hardware. The wood tops ship separately and will attach to the corresponding base brackets with the included hardware.
